DIARY NOTES

DD/S

14 February 1964

1. At the Executive Committee Meeting this morning:

a. I reminded everyone that Friday, 21 February, is a legal holiday and requested as much advance notice as possible on any special support which will be required that day.

b. At the request of the Office of Training I advised General Carter that the Secretary of State will speak at the Counterinsurgency Course on Monday, 17 February. He requested that the Deputy Director for Plans designate someone to attend this meeting.

c. I reported that all except ten dependents had been evacuated from [REDACTED] and that we were sending a cable to inquire about these ten. (In a later message we were advised by [REDACTED] that all dependents of American employees had now been evacuated with the exception of two wives who had no children and who were also Agency employees.)

d. General Carter mentioned a report from the President's Foreign Intelligence Advisory Board on the [REDACTED] case and said that he would be assigning responsibility for certain actions to be taken in connection with this report. (On Monday, 17 February, I learned that the report had been given to John Bross. John said that he would need to lean heavily on Bob Bannerman for action both as the Agency representative and as Chairman of the USIB Security Committee. I have alerted Bob and asked him to get in touch with John.)
